- Contact the Welcome Centre.** As soon as you know that you will be staying at the University of Cologne please contact the Welcome Centre. To be able to help you with issues such as your visa, housing and insurance, please fill out our **registration sheet** and attach it to your first e-Mail to the Welcome Centre.
- Check your passport.** To enter Germany you will need a valid passport or an equivalent identity document (driver's license is not sufficient). Please note that this passport must be valid at least until the end of your stay in Germany and, if you want to extend your stay, correspondingly longer. Please make sure that you always use the same spelling of your names.
- Check entry regulations and apply for visa.** If you are a citizen of a non-EU/EEA country, you and accompanying family members will most likely need a valid visa in order to enter Germany. You can apply for a visa at the German Embassy in your home country or a German consulate representing the area in which you are registered or live. To know more about visa regulations, please refer to the German Embassy or click [here](#). Please be advised that if you are accompanied by your children they have to attend a school during their stay in Germany; please let us know at your earliest convenience so we can help you find the best school for your children.
- Arrange for health insurance and other insurances.** You should get into contact with your local health insurance company to arrange travelers insurance for the first month in Germany. This is necessary because you need valid insurance to enter Germany. After you arrive in Germany you can come to our office and we will arrange for a long-term solution here in Germany. Please wait until you are in Germany to get your insurance as many international insurance companies do not meet the national requirements.
- Plan ahead for housing.** You can contact the Welcome Centre for assistance in finding a suitable accommodation for your stay. If you choose to look on your own you can refer to [this list](#) of websites and other helpful links to help you with your search.
