

Dear friends and students of the University of Cologne,

The International Office supports and strengthens the internationalization of the University of Cologne – from the daily assistance for students, scholars and professors to the development of strategic plans.

We are part of a world-wide network through our international alumni association KölnAlumni WELTWEIT, our numerous partner universities on all continents and our liaison offices in Beijing, Delhi and New York. We also have excellent contacts to the funding institutions German Academic Exchange Service (DAAD), the Alexander von Humboldt-Foundation and the European Commission.

We are looking forward to supporting you.

(Dr. Stefan Bildhauer)
