

Upcoming Blended Intensive Programmes (BIPs) within EUniWell

Do you want to learn more about how to communicate your research to a general audience? Do you want to obtain foundational skills in French language (A2/B1 level) and get an immersive introduction to French culture or work on the topic of environmental change and its impact on well-being? Find out more about the upcoming Blended Intensive Programmes (BIPs) within the EUniWell alliance!

We can offer funding for 5 students per BIP below.

Please check the BIP's website or contact us for further information about the application process or funding.

BIP Explaining my research to my neighbours (Nantes Université)

This training week on Science Popularisation is designed to help participants develop the skills needed to engage with non-specialist audiences.

The goal is to answer the question "How can I explain my thesis to my neighbours?" through a series of training modules.

Date: 27 March 2025 - 11 April 2025 (Online 27 March – 1 April, On site 7 - 11 April)

Application deadline: 19 January 2025

Target group: PhD or PostDoc students (from 2nd year onwards)

Requirements: English level – B2 minimum (mandatory), French level - B1 (recommended)

Further information: <https://www.euniwell.eu/explaining-my-research-to-my-neighbours>

BIP Discover French Culture in Paris (Inalco, Paris)

The objective of this Blended Intensive Programme is to provide participants with foundational skills in French language (A2/B1 level) and an immersive introduction to French culture.

Through a combination of language instruction, interactive online components, and in-person cultural experiences, participants will develop communication skills for daily life in France and gain a deeper understanding of French society, traditions, and contemporary life.

Date: On Site 16 - 20 June 2025 (Online assignments before, during and after)

Application opens: 03 February 2025

Target group: Students, Educators, Researchers, Administrative Staff

Requirements: Knowledge of French according to CEFR level A1

Further information: <https://www.euniwell.eu/discover-french-culture-in-paris>

BIP Education toward a Sustainable Future (University of Florence)

The BIP will take place within the frame of EUniWell's **Arena on Environmental Change and Well-Being**. It will focus on promoting the transversal theme of environmental change and well-being.

Date: Online 28 April 2025 and 19 May 2025,
On site 5 - 9 May 2025

Application opens: 03 February 2025

Target group: Bachelor and Master students, PhD students, researchers and professors

Requirements: Please check the BIP's website. (Will be published in the course catalogue on 31 Jan 2025).

Further information: Will be published in the [course catalogue](#) on 31 January 2025.

We invite you warmly to check [the EUniWell's course catalogue](#) for further mobility offers! The catalogue is updated regularly with new courses, workshops, trainings and BIP's. The deadline for current applications is 19 January 2025. Application for the next batch of courses will open on 03 February 2025.
