

LEGALEAD SUMMER SCHOOL IN TUNESIA 2024

Are you a student in legal studies at one of the partner universities of the DAAD Legal Lead project and interested in the work of LegalClinics?

Within the DAAD Taz'iz LegalLead project, we will organise a one-week Summer School in Tunisia at the Faculty of Juridical, Political and Social Science. This School takes place from 30. September to 05. October 2024. In an international exchange, law clinics are being set up in this project that promote women's rights and contribute to the democratic institutions. The Summer School brings law students from the University of Carthage (Tunisia), the Al-Nahrain University (Iraq) and the University of Cologne (Germany) together. You will meet NGOs, experts and professors from all universities in various lectures, online workshops and group discussions. You will deal with the principles of democracy, women's rights and the establishment of a law clinic. Of course you will also learn about the successful organisation of a law clinic.

In addition to the events, the programme gives you the opportunity to build an international network and gain experience on real cases.
