

CGSP Summer Semester 2023

How to get ALL the credits?

Basic Module 1:

3 Credits for each course: Write and pass the essay in every course (9 credits in total).

3 Credits for the exam: Pass the exam in **ALL** three courses – all three exams will be combined into one final grade.

German Course:

The course teacher will let you know what it required to receive the 9 credit points.

Elective Module:

If you have chosen a core course as an elective course you **ONLY** need to write the exam and **NO** essay.

For elective courses that do not also function as core courses please follow the respective teacher's instructions on what the requirements to successfully finish the course are.

Transcript of Records:

At the end of the semester you will receive a "transcript of records" which shows all of your achievements (you can also download that on Klips). You will also receive individual transcripts stating the grades for the core courses since these grades are not displayed on the transcript of records.

Certificate:

You will receive the „Certificate of Contemporary European Studies“ **ONLY** if you get the full 30 ECTS within one semester. It is not possible to divide them between two semesters.
